Rheumatism

It is an established fact that Hood's Sarsaparilla
has proven an invaluable remedy in many severe cases of rheumatism, effect-
ing remarkable cures by its powerful action in
correcting the acidity of the blood, which
is the cause of the disease, and purifying
and enriching the vital fluid.

It is certainly fair to assume that what
Hood's Sarsaparilla has done for others it
will do for you. Therefore, if you suffer
the pains and aches of rheumatism, give
this potent remedy a fair trial.

A Positive Cure.
"I was troubled very much with rheu-
matism in my hips, ankles, and wrists. I
could hardly walk, and was confined to my
bed a good deal of the time. Being recom-
mended to try Hood's Sarsaparilla, I
took four bottles and am perfectly well. I
heartily recommend Hood's Sarsaparilla
as one of the best blood purifiers in the
world." W. F. Wood, Bloomington, Ill.

For Twenty Years
I have been afflicted with rheumatism. Before
1863 I found no relief, but grew worse. I then
began taking Hood's Sarsaparilla, and it did
me more good than all the other medicine I
ever had." H. T. Balcom, Shirley, Mass.

"I suffered from the doctors called
muscular rheumatism. I took Hood's Sarsaparilla
and am entirely cured." J. V. A.
Proctor, letter carrier, Chicago, Ill.

We shall be glad to send, free of charge,
to all who may desire, a book containing many
additional statements of cures by

THE BEEF BUTCHERS OUT.

ANOTHER PHASE OF THE PORK
PACKERS' STRIKE AT CHICAGO.

Twelve Hundred More of Armour's Men
Quit Work—Knight Barry to Go to
Richmond and Recommend a Boycott
—Work of the Knights of Labor Gen-
eral Assembly.

CHICAGO, Oct. 16.—Pursuant to the order
of the executive board, Armour's beef butch-
ers, to the number of 1,300, did not go to
work Friday morning. The most of them
came to the yards with their dinner pails,
but only to join the ranks of the strikers.
The machinists in Armour's repair shops,
corner of Forty-fifth street and Center av-
enue, also quit work Friday morning. There
are about fifty or seventy-five of them. The
engineers at Armour's packing-house
left their work to swell the ranks of the
strikers. The men appear to be mak-
ing Mr. Armour their chief object of
attack. Despite this fact the big packer
is making a vigorous effort to keep run-
ning. Fifty men who arrived over the
Lake Shore road Friday morning, and
that Mr. Barry, Knight of Labor, who
will return to Richmond and recom-
mend the boycotting of Armour's prod-
ucts by the Knights of Labor all over the
country.

Mr. P. D. Armour, always a busy man,
was working under double pressure Friday
morning. He was called upon by the
Knights in calling out his beef butch-
ers. He thought the order was making a
great mistake in discriminating against
Armour & Co. or any other house. The
next step he thought would be a boycott.
When the beef butchers went out of the
house of Armour & Co. Friday morning they
appeared before Manager Cuthbert, and by
their spokesman demanded that they did
not order. Mr. Cuthbert replied in a
speech, in which he said he regretted their
action and felt that in going most of them
would probably never enter the house again.
The only men remaining in the house
employed by Sels Morris & Co. and G. S.
Swift & Sons, Craig & Fleming, and Hal-
sted and Thirtieth street, are the only
ones now slaughtering hogs.

THE KNIGHTS OF LABOR.
Members of the Co-operative Board Se-
lected the Southwestern Strike
Richmond, Va., Oct. 16.—When the gen-
eral assembly of Knights of Labor went into
session Friday morning the first business to
be completed was the election of the remain-
ing general officers, two members of the
general co-operative board. The result of the
election was the selection of L. T. C. Schell-
bach, N. C., as member at large, and the
re-nomination of David R. Gibson, of Ham-
ilton, Ont., was elected Canadian special
agent.

The following is the new executive board:
Thomas P. Barry, John W. Hay, William
H. Bailey, A. A. Carleton, T. R. McGuire,
and Ira H. Aylesworth.

The committee on the state of the order in
dressed the general master workmen's address
to the general assembly and recom-
mended the adoption of the following in-
strument of the order of Charles H. Litch-
man, special agent appointed by the
general master workman to represent the
order in the congressional committee ap-
pointed to investigate the cause and effect of
the southwestern rail road strikes. In
his report Mr. Litchman recites that hearings
were held at various places in Texas and
Arkansas, and says:

The testimony in behalf of the railroad
was mainly to show what great damage had
been caused by the strike to the railroad
property and commerce; that it had been
begun on a frivolous pretext, without real
cause, and that the order of the Knights of
Labor was directly responsible for all
damage done and all acts of violence
committed. With the unlimited re-
sources at their command it was compara-
tively easy for the railroad officials to
carefully drill their witnesses into a line
of statement which should do such other, and
this preliminary drilling was painfully ap-
parent in the testimony given. Like a lot of
parrots, they all echoed the statement that
the only cause they had ever heard assigned
for the strike was the discharge of a man
named Hall at Marshall, Tex.

In Favor of Union Cigar-makers.
BALTIMORE, Oct. 16.—In the case of Cigar-
makers' union, No. 1, vs. Bernard Link, for
using a label in violation of the Cigar-
makers' union, Link's attorneys employed
non-union men, Judge Phelps, sitting as the
circuit court, Friday rendered a decision
sustaining the union. He says that although
no precedent may be found, it is clear upon
the principle that the label, having increased
the demand for the labor of the members of the
union, is certainly a property right of this
union. Men who combine for the purpose of
increasing by legitimate means the general
demand for their common labor, have a prop-
erty right in whatever lawful instrument-
ality they can succeed in creating and control
for the purpose. Link is therefore enjoined
from using any label in violation of the
union's label.

The Strike in Minneapolis.
MINNEAPOLIS, Minn., Oct. 16.—The strike
men's strike in this city showed little change
Friday. Strikers in the Manitoba yards
Friday morning pulled the pins from the
freight cars and threw them away to prevent
the cars being moved. No indication yet of
a settlement.

MILWAUKEE, Wis., Oct. 16.—Superinten-
dent Clark of the Chicago, Milwaukee & St. Paul
railroad says his road has secured
enough new men to move its trains at Min-
neapolis despite the strikers. Up to 9 o'clock
Friday morning the other roads involved had
not secured help enough to move theirs.

Blaine on the Ohio Campaign.
COLUMBUS, Ohio, Oct. 16.—In response to
an invitation extended to James G. Blaine by
Chairman Capper of the Republican state
executive committee asking Mr. Blaine to
take some part in the Ohio campaign, the
gentleman writes that his engagements are
such that he finds it impossible to do so. He
says: "You are so sure of victory this year
that you need no help from any outside
source."

Hung for Murdering Her Child.
RALEIGH, N. C., Oct. 16.—Lacy Morgan,
a colored woman was hanged at Salisbury
Friday for murdering her child. Governor
Scales refused to interfere.

THE NEWS IN BRIEF.
James F. Barnard has been elected presi-
dent of the Ohio & Mississippi railway.
Admiral Murray, formerly a clergyman in
Boston, has married Miss Frances M. Riv-
ers, of Montreal.

Sarah E. Howe has resigned her woman's
bank in Boston, after having served a term
of three years for swindling deposits.

Bayard Putnam, chief of the government
topographical survey, handed himself to a
tree Wednesday, near North Adams, Mass.

Senator Mahone is settling up his affairs
in Virginia preparatory to moving to Wash-
ington to engage in the real estate business.

Harry Goff, a Chicagoan, was sentenced to
the penitentiary at Joliet, Ill., Thursday
day for bigamy. Three wives with their chil-
dren appeared against him.

The body of Nicholas Schumacher, aged 60,
was found Thursday in a creek near Hervey,
Mich., and the woman, who had been accus-
ed that he had been murdered, but by whom is
unknown.

At a trial in Youngstown, Ohio, the other
day, a cow was the object of dispute, and the
jury were taken in charge to see the cow
milked, that they might determine her
value. The jury disagreed.

Millions of acres of grazing lands in In-
dian territory have been burned over by
prairie fires, and large numbers of cattle are
said to have perished in the flames. Great
quantities of hay and fodder have been com-
menced.

The Dominion cabinet, at a meeting in Ot-
tawa, Wednesday, confirmed the \$400
fine against the American schooner Marion
Grimes, but censured in strong terms the ac-
tion of Capt. Quigley, of the Terror, for
compelling the lowering of the American flag.

The wholesale house of Jacob Weller &
Co., Cincinnati, made an assignment Thurs-
day, caused by the confidential clerk of the
firm, E. M. Dill, forging warehouse receipts
to the extent of many thousands of dollars. A
rough estimate of the liabilities places them
at \$100,000. Shanks, Edwards & Co., also
made an assignment, the firm holding about
\$30,000 of Weller's paper. Their liabilities
will probably reach \$50,000.

Rated by a Recently Clerk.
CINCINNATI, Oct. 16.—The forgery of R.
M. Dill, of a quantity of warehouse receipts
has caused the failure of the firm of Jacob
Weller & Co., dealers in pickles and peanuts,
with whom he was confidential clerk, and
Shanks, Edwards & Co., in the same business,
who hold about \$30,000 of Weller's paper.
Both firms expect to pay dollar for dollar.
Dill had forged many thousands of dollars' worth
of receipts before leaving for Canada.
Having lost the money in speculation, the
amount of his delinquency is not yet known,
though his written confession is in the hands
of his late employers.

Five Dollars an Acre.
LONDON, Oct. 16.—Sir William Vernon
Harcourt, writing to the secretary of the
Land Restoration League, says: "The fact is
often overlooked that a large portion of the
rent paid by an occupier of land represents
interest on the capital expended by the pro-
prietor. Suppose a farm of 300 acres
yielded a net profit of £300, we must consider
the expense of bringing the land into a state
suitable for cultivation, which we may
estimate at £2,500, and a remunerative re-
sult, which may be put at £300. There is
thus left one-third of the entire sum for the
rent of the land."

The Election in Quebec.
MONTREAL, Oct. 16.—Up to 3 o'clock Fri-
day morning returns had been received from
41 out of 65 constituencies in Quebec. At
the last election the legislature stood 50 Con-
servatives, 15 Liberals, but, owing to the in-
jection of the Red issue into Quebec politics
the standing at the time of the dissolution
was Conservatives 45, Liberals 20. Of the 43
constituencies heard from there have been
elected 23 Liberals and 20 Conservatives. The
indications Friday morning were that the
government would be defeated. The govern-
ment expected a majority of from 5 to 30.

Headquarters Transferred.
KANSAS CITY, Mo., Oct. 16.—Maj. H. C.
Levermore, who is in charge of the Mis-
souri river improvements, Thursday re-
ceived a dispatch from the secretary of war
notifying him that the headquarters of the
commission had been transferred to St.
Louis. Mr. Levermore says that this means
a suspension of work by the returns of the
plant to St. Louis, and that he will at once
resign in consequence.

MALARIA.

"If people could only know
what a splendid medicine
Simmons Liver Regulator is
there would be many a phy-
sician without a patient and
many an interminable doc-
tor bill saved. I consider it
infallible in malarial infec-
tion. I had for many years
been a perfect physical
wreck from a combination
of complaints, all the out-
growth of malaria in my
system, and even under the
skillful hand of Dr. J. P.
Jones, of this city, I had de-
spaired of ever being a well
woman again. Simmons
Liver Regulator was recom-
mended to me. I tried it,
it helped me, and it is the
only thing that ever did me
any good. I persevered in
its use, and I am now in per-
fect health. I know the
medicine cured me, and I
always keep it as a reliable
"standby" in my family."

Respectfully,
Mrs. Mary Ray,
Camden, Ala.
